Step 3:

Confirm Affiliations

Confirm Institutional Affiliation – Ringgold Exact Match

Confirm/Enter Institutional Affiliation - Exact Match

Authors need to confirm or edit their institutional affiliation.

This information is pre-populated based on the Responsible Corresponding Author's details provided through our submission systems, at the point of submission of the article.

This step should always be the Responsible Corresponding Author's institutional affiliation(s).

The presence of a green bar on the left-hand side of the box, in addition to the 'Verified' text with a green tick, shows that the information entered has been recognised by the Ringgold database.

The screenshot shows the Wiley submission system interface. At the top, the Wiley logo is on the left, and navigation links for Home, My Dashboard, Authors, Reviewers, Editors, and Help are on the right. A search bar and a user profile icon are also present. Below the navigation, there is a 'Back to Dashboard' link. The main content area is titled 'Journal of Adolescent & Adult Literacy' and 'Test article', with a DOI of 10.1002/jaal.81557. A sidebar on the left lists various options: Funders & Grant Details (with a green checkmark), Affiliations (highlighted with a light blue bar), Copyright Ownership, Open Access Options, License Agreement Types, Payment, and License Submission. The main content area has a heading 'Please confirm your affiliations for this article' and a paragraph explaining the purpose of the confirmation. Below this, there is a list of affiliations. The first affiliation, 'Universitat Basel, BASEL, BASEL-STADT, CH', is highlighted with a green bar on the left and has a 'Verified' status with a green checkmark and a help icon. To the right of this affiliation are 'Edit' and 'Delete' icons. At the bottom right of the main content area is a '+ Add affiliation' button. At the bottom of the page, there are two buttons: 'Funders & Grant Details' and 'Confirm & proceed'.

Please specify who owns the copyright for this article

The answer to this question will tell our system whether you are authorized to sign this form yourself, or if you will be required to obtain another signature in order to legally transfer or retain copyright.

Contributor-owned work

This is the correct selection for most authors. It is customary in most academic and healthcare institutions for faculty to retain copyright for articles that they have authored. Please check whether different policies apply in your institution.

U.S. Government work

Applies only if your work was authored as part of your official duties as a United States federal government employee; such works are in the public domain in the US.

U.K. Government work

Applies only to employees of the U.K. Government.

Non-Governmental Organization work

Applies only if the work was carried out during the course of employment by a Non-Governmental Organization.

Other Government work

Applies only to government employees outside of the U.S. and U.K.

Company/institution-owned work

This does not typically apply to most universities and academic institutions. Applies when an organization, often a commercial corporation, owns the copyright of a work either because there is a specific clause in the author's contract of employment that states the company/institution's ownership of its employees' intellectual property, or it has been contracted ('made for hire').

Find Your Article

If an author is missing an article from their dashboard, they can now more easily add this article without intervention from Wiley.

When an author finds the article using the “Find your article” feature, they will see a list of authors on the article and they will be able to say if they are one of these authors.

After system verification to check that there is a match, this article will automatically be assigned to the author and will appear on their dashboard.

Environmental Toxicology and Chemistry
Toward the Development and Application of an Environmental Risk Assessment Framework for Microplastic
DOI: <https://doi.org/10.1002/hbm.25086>

Which author are you?

You may be asked to confirm your identity with our support team before the article gets added to your dashboard.

Anat Bernstein

Christoph Schüth
